**IV. New Business**

- District Attorney Thomas Clayton introduces himself; DA Clayton presents stats via pie chart (see attachment) to reveal percentages of crimes and the current state of where the county is at right now. DA Clayton explains which programs are available for different charges and how every person and case varies, therefore the outcomes are based on what is best for the individual and community. DA Clayton speaks about the LEAD (Law Enforcement Assisted Diversion) program. DA Clayton mentions this is a great program to address crimes which are substance abuse driven. Mr. Montibon questions the discussion of creating a rehab facility. DA Clayton mentions the facility is MSG (Mora, San Miguel,

Guadalupe) crisis center is currently in the making. Sheriff Lopez and Matt Probes from El Centro are involved with this center. Dr. Kimberly Blea sums up that the MSG center has been worked on for years. Dr. Blea mentions they are researching on what the University can do to support/operate this facility. Dr. Blea states that the subcommittee will also look at issuing a RFP (request for proposal) to include the architecture and planning of the facility. Dr. Blea believes a request for funding was at the legislature. May be receiving \$500,000. Dr. Blea mentions they applied for the Hersa Grant and we met all criteria but one which was the LEAD program. Dr. Blea states if we apply in the future it may be successful this time around. Mr. Montibon states having the LEAD program will help the emergency department at the hospital. DA Clayton concurs. Dr. Blea states the hospital has been in the discussion as well on the detox services and is on board and supporting these efforts. Mr. Montibon asks for a time frame. DA Clayton states Sheriff Lopez and Matt Probes would be best to ask but they meet with GSD (General Service Division). Dr. Blea states we do have the support from DOH (Department of Health) GSD and Behavioral Health Service Division. A letter has been submitted to governor, we are awaiting response. The initial funding was for infrastructure where the facility may become operable. We still have a few more steps before knowing a definitive date. Dr. Blea will update this commission on a regular basis. Pat Leahan mentions the MSG group meets on the first and third Wednesday from 8:30AM-10:00AM with Sheriff Lopez if anyone would like to join in to keep up to date on this project.

#### **V. Old Business**

- Mr. Montibon mentions what was discussed prior meeting to include age for the survey, how to advertise the survey and if we need to do survey monkey and how to get paper surveys into "survey monkey." Mr. Lee Einer reads through the questions, came to a conclusion for a text box on applicable questions. Pat Leahan asks what jurisdiction we are surveying. Chief of Police Adrian Crepsin would like to focus on our city right now and to also minimize the survey if possible so that we get more feedback. Chief Crepsin asks about having numbers 1-5 rating. Pat Leahan states it is best to keep it standard so it will be an accurate count.
- Mr. Montibon states the By-Laws have been the same for years and wants to know if we should add to be more specific or leave it as is. Mr. Einer states the City Charter requires the city council to define the powers of the Police Advisory Commission. Mr. Montibon wants to make a request to speak to City Council to get on the same page about

the job of the Police Advisory Commission. Police Department will do an agenda request in order for PAC to meet at the next council meeting. Mr. Montibon and Mr. Einer will create a report to present at the next council meeting which will include By-Laws and City Charter.

- Chief Crespin mentions about the status on in car computers and process on getting paperless. Mr. Joseph Whiteman wants to get clarification as well on what the Commissions job is. Mr. Whitman asks about the stimulator which is called MILO (multiple learning training objectives.) Chief asks for whoever would like to utilize to let Alexis McAdams know at least 24 hours in advance.
- Chief Crepsin advised we may get some Police Scooters to enhance community policing.
